PAMREX 36" ... It's BIG But It Ain't Heavy!

Technically advanced.
Simple to operate.

A simple solution for BIG access troubles.

The new PAMREX 36" from CertainTeed Access Covers solves a number of BIG problems for municipalities, fitting oversized manholes at half the weight of traditional cast-iron alternatives. PAMREX 36" features an innovative hydraulic arm and twin-hinge design that make it easier and safer to raise and lower, allowing for one-man operation. Factor in long-term durability, resistance to inflow and infiltration, and security from unauthorized access, and you've got BIG answers to all of your BIG issues. PAMREX 36"—A lightweight solution to a weighty problem.
