

LOAD BEARING 100,000 LBS

ONE-MAN OPERABLE

ANTI-THEFT/SECURITY

HIGH WATER CLEARING CAPACITY

Grate Expectations

Technically advanced.
Simple to operate.

You'll have a Dickens of a time finding a better grating than the REXUS.

It's made from strong, lightweight ductile iron and incorporates a unique hinge design — features that make it easy to open, safe to close and allow authorized maintenance personnel to gain access with minimum effort and in complete safety. The slot configuration maximizes water absorption, and an innovative wedge seating design ensures quietness and stability in use. REXUS is durable, lockable and a genuine improvement over cast-iron alternatives. It will “grately” exceed your expectations.
